

Biosecurity Control Order

“The emergency requirements are qualified and restricted by the significant fact that the emergency requirements and directions **CAN NOT request an individual to be isolated, detained, tested, vaccinated, medically treated or bodily searched**, among other actions, in the absence of a Biosecurity Control Order issued to the individual.”

Biosecurity Act of 2015

**A Biosecurity Officer needs a Control Order for an individual granted by a judge, in court, and with evidence.

Unless you issue me with a Biosecurity Control Order (a Federal legislation) you cannot:

- Isolate me
- Detain me
- Test me (CPR testing)
- Vaccinate me
- Medically treat me
- Bodily search me

And because of the Privacy Act 1988 (94H on Page 303 you cannot:

- Ask me to provide you with my medical information
- You cannot track my movements
- You cannot refuse my entry into any business that is open to the public

If you insist you are in breach of this Act which is punishable with a 5-year imprisonment or a minimum of \$63,000 fine.

They cannot harass individuals for not complying to their unlawful commands!
